a. ~~The Mail & Courier Branch, Facilities Management Division, has been informed by the Department of Treasury that~~ Agency couriers entering the Treasury Building will have to possess Treasury Building badges or be processed as visitors. CIA courier credentials will no longer be honored for immediate admittance. A listing of 28 senior level couriers was provided to the Treasury Security Office, but a limit of nine was imposed. Courier runs are made twice daily, Monday through Friday, and once on Saturdays. Afterhour runs are frequently made to deliver cable traffic to the Treasury Watch Office. Couriers not possessing access badges must wait in line and be processed as visitors, which may take anywhere from 20 to 40 minutes. This has disrupted the courier schedule and has impacted on the ability to provide timely service. The OL Security Staff has been asked to intervene on our behalf to request additional badges from the Treasury Department. 1-M
